

The Local Offer

North View Academy (NVA) is a specialist provision educating children with Social Emotional and Mental Health (SEMH) difficulties and Autistic Spectrum Disorder (ASD).

NVA is a primary provision for children from 4 years to 11 years old. It is commissioned for 70 places.

At NVA we promote an ethos of high aspiration and achievement. We are ambitious for our children and nurture them to achieve.

All children attending NVA have an Education Health Care Plan (EHCP). This outlines the specific needs of each child and details the support required to meet those needs.

**For further information of NVA's Local Offer please access our
Special Educational Needs Information Report.**
